

# Bryson Coons

Software Engineer

## SUMMARY

Full-stack software engineer with a wide range of professional experience from web application development, small-scale network management, information technology, and Computer-Aided Design. I have a particular interest in accessibility of technology to people with disabilities. Looking to bring my skills to a tech company with global reach.

## WORK EXPERIENCE

### Software Engineer at 100devs, Los Angeles, CA

June 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

#### Recent Projects:

**MTG DeckShare** – A full stack social app for Magic: The Gathering enthusiasts to build, post, and share card decks with each other. Serves as a hub for local communities to gather and theory craft regarding their passion.

**Passwordify** – A password generation application that utilizes a MongoDB database for users to store and reference their passwords when necessary.

**DocRevu** – A full-stack web application designed to help businesses manage large, frequently changing project documents in a scalable manner. Uses the full MERN stack to save users tens of thousands of dollars a year in missed document revisions.

**Other Projects:** Ayesha's Salon, Happy Coffee Co., NightLights APOD API client, On-demand background color changer for Partnered Twitch streamer, and many more.

### Full Stack Web Developer at Bryson's Consulting | Chesapeake, VA

January 2022 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

April Spencer – Owner of a home-based beaded flowery business originally hosted on Etsy, later migrated to a static site showcasing her work.

Jennifer Cruz – Founder of Muddy Island Daiquiris, a drive-thru daiquiri shop in Houston, Texas who requested a landing page optimized for SEO.

### Land Survey Technician | Chesapeake, VA

January 2020 — Present

Utilized interpersonal communication and teamwork skills and established streamlined procedures to develop automated machine guidance files for large-scale construction projects.
